Presentation of the Central African Republic

CENTRAL AFRICAN REPUBLIC, LAND OF OPPORTUNITY AND INVESTMENT

*CAR is a land rich in mineral resources,
Noble of its more than 6,100,000 inhabitants in 2023 of men and women
for an area of about 623,000 km²,
Rich in its human capital,
Rich in exceptional hospitality;
Very rich in its cultural diversity.*

FLAGSHIP OF THE ECONOMY

Africa remains the second most dynamic region, with, Economic growth forecast of 3.7% in 2024 and 4.3% in 2025 according to the Bank African Development Bank (AfDB). In response to these many challenges, the the need to make strategic choices and structural changes, to organize itself in order to ensure a substantial increase of its productivity agriculture and a substantial and tangible improvement in its infrastructure, to launch the digitalization of public services, and to mobilize its private sector to economic and social prospects. CEMAC countries have resolutely The European Commission has published a report on the 2024.

PROSPERITE LAND

Prosperity built on its 623,000 km² with 90% fully arable land,

The country is a melting pot of opportunities with abundant and available natural resources at competitive costs. The Central African Republic offers opportunities in many sectors including mining and agricultural production and processing, manufacturing, tourism, health, transportation...

With its remarkable economic performance, the Central African Republic aims to accelerate its economic and social transformation, and to rise to the rank of upper-middle-income countries by 2030.

ECONOMY

The realization of this vision requires the development of priority sectors and industrial clusters defined in the National Development Plan (PND: 2024-2028) agro-industry, building materials, health – pharmacy, textile, automotive, Packaging as well as new niches: the Digital Economy, Tourism and Creative Industries that further expand perspectives.

STITUTIONAL AND SECTORAL REFORM INCENTIVES...

The Central African Republic is a nation that is constantly reinventing itself in a constantly changing world. Land of investment, the Central African Republic will have modern infrastructure and a business-friendly ecosystem. Reforms to improve the business climate have strengthened good governance, transparency of public action, gender equity and sustainable and responsible investment development.

STITUTIONAL AND SECTORAL REFORM INCENTIVES...

These institutional and structural reforms have enabled the improvement of services to investors through the establishment of single windows, simplification and digitalisation of procedures.

Free zones and special economic zones, sector codes and an investment code providing attractive tax and customs incentives have been introduced to improve the profitability of investments in the Central African Republic.
